

CG GIRLS' BASKETBALL – Grades 5 & 6

Dear Parent/Guardian:

I know that it is early to begin thinking about basketball, but I wanted to get this out to you before you start receiving registration for Upwards or the YMCA League (which they are more than welcome to participate in). We will be having a basketball program here at Columbus Grove for girls in grades 5-6. They will be practicing a couple times per week depending on gym availability and playing games on Saturdays in an area league that travels to different schools. There are other tournaments that they may participate in as well depending on interest level.

If you have any interest in helping coach, please let me know.

The purpose of this letter is to **sign up players and coaches** so we know how many teams we will have (1 or 2 per grade level) as well as get contact information so that I can pass it along to the coaches. They will then be contacting you about practice and game schedules once I have all the registrations back.

If you have any questions, ideas, or would like to contact me, my information is below.

Brian Schroeder
