State Testing in Full Swing at CG

It is said that April showers bring May flowers. Well, April also brings state testing that must be conducted by all public schools throughout the state. State testing began this past week and will continue through the remainder of the month. Parents, we ask that you minimize the scheduling of any appointments for your children during these next few weeks. We have a very tight window in which to conduct these high-stakes online tests. We greatly appreciate your cooperation with this matter. Many thanks go to our guidance counselors, technology coordinator, and building administrators for their efforts in putting together a testing schedule to minimize disruption to the regular school day.

Third Graders Attend Farm Safety Fieldtrip

This past Tuesday, our third graders visited the Dale and Ruth Gerding farm to take part in a farm safety program. Ruth has hosted the farm safety camp since 2000 and works with the OSU Extension's Agricultural Safety and Health Program to make this a successful camp for Putnam County schools.

The purpose of the day camp was to educate youth on the hazards they might encounter when they visit friends, grandparents, and other family members who may live on a farm. This safety camp provided youth the opportunity to learn about hazards and injury prevention in a fun and hands-on interactive way. The program taught about the dangers associated with lawnmower use, ATV safety, animal safety, equipment uses, pond and water safety, dangerous chemicals, safety around electricity, and much more. The exciting and educational day ended with each of them receiving a Farm Safety t-shirt. Many thanks to Dale and Ruth for hosting this important educational activity for our county's youth.
