Many, many thanks to all the runners who made this year's Miller's Beer Bottle Open the big success that it was! The largest crowd ever ran this year's race. We had 438 officially entered with 401 finishers. Over 70 gallons of hobo stew were consumed. And a new women's course record was set by Iris Black in 24:08. If you have any comments, questions, criticisms, complaints, ideas, etc. that you would like to relate to me about this years race please drop me a line. In order to make this race the best one around, I need your input. Thanks again for your support.
