Great Job Everyone!

Congratulations Autumn McGill, Becca Hoover, and Preston Ellerbrock for competing and winning the 6th grade "Reading Madness"!

March Senior in the Spotlight

The Columbus Grove High School Guidance Department will be recognizing one senior each month to spotlight. The advisers for LEO Club, Student Council, National Honor Society, Scholastic Team, and Class Advisers have been asked to nominate students in their organizations that have stepped up to take a leadership role at Columbus Grove High School. In addition, the students have maintained their grades while participating in their extracurricular activities. Students will be awarded a certificate, given a small gift and recognized at the Senior Academic Awards Night in May.

Congratulations to Caleb Stechschulte for being selected this past month as the March Senior in the Spotlight. Caleb is the son of Mike and Amy Stechschulte. Caleb was nominated by Mrs. Birnesser, Mr. Schnipke and Mrs. Losh for his excellence in the classroom as well his leadership in school, Athletics and community organizations. According to Mr. Schnipke, Caleb is a dynamite person, and goes above and beyond in terms of academics, leadership, community involvement, discipline, commitment, dedication and character.

Caleb is an active member of his 4-H which can be seen by him being elected the 4-H President and a participating member of the Junior Fair board. He has experience working on heavy equipment and working on the family farm. Caleb is a Columbus Grove Triple Threat Athlete and has been voted the Northwest Conference Runner of the Year. He is a member of the cross country, basketball, and track teams, and in school you can see him involved with the LEO Club and National Honor Society. He has volunteered at his church festival working in the fry tent, decorating the church for Christmas, and raking leaves with the LEO Club. He was elected by the student body the 2021-22 Homecoming King. In the classroom, Mrs. Birnesser noted how he contributes in a positive way to class discussions, and Mrs. Losh has observed him staying after the homecoming dance to help clean up.

If you ever have a chance to talk to this young gentleman, I am sure you will enjoy your conversation and take note of how well mannered, positive and how lucky we are to call him a Columbus Grove Bulldog. With these positive characters and leadership qualities constantly on display, the Columbus Grove High School Guidance is pleased to award the March Senior in the Spotlight to Caleb Stechschulte.

After graduation, Caleb plans to attend UNOH to study Ag Diesel Technology and Medium Equipment Diesel Technology.

Freshman Physical Science classes created roller coasters to try and meet the Roller Coaster Challenge. They had to use foam track and a marble. There had to be a large starting hill from where the marble would be released, have a least one loop and two hills (not counting the first hill). The Challenge part is to make sure the marble comes to a stop within the last 10 centimeters of the track without going off the track and without using any barriers/obstacles.

Two groups were able to get their roller coaster to stop within the 10 centimeter end.

*Grant Eversole, Aiden Patrick, Levi Schroeder, and Boat Thompson

*Saige Frobase, Ryleigh Sharrits, and Lenore Wiener.

One group was able to get it to stop close to the 10 centimeter end.

*Dylan Mertz, Grant Moening, and Colton Sumney

Everyone did a great job and came very close to the 10 centimeters end. They just needed more time to make the correct adjustments.
